

1500W Angle Radiant Tower Heater

Stay warm and cozy with the Deco Living 1500W Infrared Adjustable Angle Tower Heater with Carbon Fiber Tube. This powerful, portable heater is designed for maximum flexibility, featuring adjustable angles, dual power settings, and a foldable stand for two-way use. Whether you need quick warmth indoors or durable heating outdoors, this waterproof tower heater delivers reliable performance. With advanced safety features and smooth-rolling wheels, it's the perfect heating companion for any space.

Powerful and Customizable Heating Features a carbon fiber heating element for fast, energy-efficient warmth. Offers two power settings (750W and 1500W) to suit your heating preferences. Adjustable angle design allows you to direct heat exactly where it's needed.

Versatile and Flexible Design Stand model with foldable design allows for two-way use, providing maximum flexibility for placement. Compact and space-saving, it's perfect for living rooms, patios, offices, and outdoor lounges.

Smooth Mobility and Portability Equipped with built-in wheels for easy movement between spaces, so you can move it effortlessly from one room to another. Portable and foldable design makes it simple to store when not in use.

Weatherproof and Durable Construction Waterproof design ensures reliable performance in outdoor conditions, making it suitable for patios and covered outdoor spaces. Built to withstand humidity and weather, offering year-round comfort in all seasons.
